**AT BAYER
YOU'RE
EXPECTED
TO BE.**

Bayer is a global enterprise with core competencies in the fields of health care, agriculture and high-tech polymer materials. As an innovation company, it sets trends in research-intensive areas. Bayer's products and services are designed to benefit people and improve their quality of life. At Bayer you have the opportunity to be part of a culture where we value the passion of our employees to innovate and give them the power to change.

Laboratory Head Insect Rearing and Plant Production (m/f)

YOUR TASKS AND RESPONSIBILITIES

- Leading a team of about 15 technicians both in the area of insect mass-rearing and plant production to support the discovery and development of novel insecticides, acaricides and nematicides
- Development of new rearing methods and introduction of new, relevant pest species
- Responsible for the continuous provision of agronomically relevant invertebrate pest species and crop plants in high quantity and quality needed for whole organism laboratory, greenhouse and field screening
- Close interaction with other functions in multidisciplinary teams to provide scientific knowledge on taxonomy and general entomological matters
- Ensure implementation of all safety and regulatory rules/measures to ensure safe and compliant operation of the laboratory

WHO YOU ARE

- University Degree (PhD) in entomology, biology, agronomy or comparable
- Interest in and in depth knowledge of (mass)-rearing methods, ideally for agronomically relevant invertebrate pests and/or beneficial arthropods, is essential
- Excellent trouble-shooting skills in the area of insect, acaricide and nematode rearing
- Knowledge of regulations concerning rearing and international transportation of quarantine pests
- Strong leadership and team working capabilities
- Well developed ability to focus and structure work to meet tight project deadlines
- Experience of working in the industrial environment desirable
- Fluent in English (written and spoken) with a working knowledge of German required
